

BEHAVIORAL HEALTH SERVICES DIVISION
Substance Use Treatment Services
SYSTEM ALERT

Date: May 3, 2019

TO: All DMC Providers

TOPIC: New Service Status of Non-DMC

SUTS has created a new Service Status for DMC billable service items. The new service status of “Non-DMC” shall be used to exclude a billable service that does not meet the ODS/DMC billing regulations (e.g. expired treatment plan).

The Non-DMC service status allows for clinical services to be recorded in Unicare/Profiler and to exclude from claiming. Assigning the Non-DMC service status at the front-end will help minimize processing back-end Voids.

The Non-DMC service status shall NOT be used for non-billable activities. Non-billable activities are NOT recorded in Unicare/Profiler.

For questions, please contact Martha G. Martinez at martha.g.martinez@hhs.sccgov.org or Tammy Ramsey at tammy.ramsey@hhs.sccgov.org
