

Peer Support DesignWORKGROUP REPORT

Project Manager: Jennifer Jones also included is the Board & Care Improvement Project

Aim: In this ongoing consumer operated workgroup, we will work collaboratively with PQIC as a team to tailor a system overhaul. We will effectively provide consumer input into a person centered integrated system.

Membership: David Sisson, Lorraine Zeller, John Hardy, Donald Farrell, Justin Crutchfield, Hussain Rahim, Karen Flink

Reporting Period: From: 12/13/2012 To: 2/7/2013

1. Update (accomplishments; successes; milestones, be sure to include progress toward goals)

- In November finished our Peer Support Design Charter.
- In December and January went over the B&C Improvement Project's Charter.
- Just started working on collecting biographies of peer support staff across the system.
- Brief evaluation on CIOM, concerned about length, questioned whether it would be better to go over with a peer rather than a clinician first for honest evaluation, would like to run a PDSA with 20 clients.
- Interested in the getting involved with the MORS 5 stuck unstuck PIP or pilot. Many reasons why people are at 5 who should be at a higher MORS score.

2. Change of course (barriers, risks, questions)

- PSD would like a demonstration of CIOM on the computer. Right now we only have the paper version so we cannot see the graphs and other outcomes of CIOM.
- We would like membership of consumer peers from other CBO organizations. Right now we have a representative from Catholic Charities and 7 representatives from the county. We would like 4 more members from outside agencies. We meet 2nd Wednesdays of the month from 3 to 5.

3. Response from SOC or PQIC (Meeting Date: _____)

- Approval to continue course of action
- Approval for change of course
- Request for more information
- Declined
- Please share with staff:
- Comments
