

Peer Support DesignWORKGROUP REPORT

Project Manager: Jennifer Jones also included is the Board & Care Improvement Project

Aim: In this ongoing consumer operated workgroup, we will work collaboratively with PQIC as a team to tailor a system overhaul. We will effectively provide consumer input into a person centered integrated system.

Membership: Lorraine Zeller, John Hardy, Donald Farrell, Hussain Rahim, Karen Flink

Reporting Period: From: 3/15/2013 To: 7/18/2013

1. Update (accomplishments; successes; milestones, be sure to include progress toward goals)

- After a 4 month break, we met on July 10, 2013 (the Project Manager was on medical leave).
- We reviewed the B&C Improvement Project developments and gave input on the development of a proposal for more peer support workers to engage with more Board and Care Residents in their own Wellness & Recovery to move towards independent living and away from “institutionalization.” The Board and Care Improvement Project wants to empower them by educating them about their rights.
- We reviewed Michael Hutchison’s 20 slide power point on the Session Rating Scale SRS and the Outcome Rating Scale ORS and prepared questions for when we meet him during our next meeting. He will be meeting us on 8/14/13 to discuss SRS & ORS.

2. Change of course (barriers, risks, questions)

- Need to see a computer version of CIOM, spoke with Narvaez clinic manager Dinh Chu and he referred us to Karin Kalk to get a web based copy somehow. We only have the paper version and it is hard to evaluate the effectiveness of it.
- We still would like membership of consumer peers from other CBO organizations. Right now we have a representative from Catholic Charities and 4 representatives from the county. We would like 2 more members from outside agencies. We meet 2nd Wednesdays of the month from 3 to 5.
- We need to revise our objectives and goals to include client measurements.

3. Response from SOC or PQIC (Meeting Date: 2013)

- Approval to continue course of action
- Approval for change of course

- Declined
