

PEER SUPPORT DESIGN WORKGROUP REPORT

Project Manager: Jennifer Jones also included is the Board & Care Improvement Project

Aim: In this ongoing consumer operated workgroup, we will work collaboratively with PQIC as a team to tailor a system overhaul. We will effectively provide consumer input into a person centered integrated system.

Membership: Lorraine Zeller, John Hardy, Donald Farrell, Hussain Rahim, Karen Flink, Jenna Whelan

Reporting Period: From: 02/12/14 To: 05/23/14_____

1. Update (accomplishments; successes; milestones, be sure to include progress toward goals)

On May 14, 2014 we met and reviewed past accomplishments. We welcomed a new member from Bill Wilson Center Jenna Whelan who comes from a TAY perspective. She became involved in our discussion. We went over the Peer Support Workers Services Satisfaction Survey and made some revisions. We did not get a report from the Board and Care Improvement Project because both members John Hardy and Lorraine Zeller were absent at this meeting. We talked about a Welcoming Packet of Peer Services in the County, contact numbers, hours, phone numbers and addresses of various county Peer Services, this would be to fulfill one of EQRO's requirements of having a Peer Support Services information packet for when people get into the system. This packet would then need to be translated into the different languages.

2. Change of course (barriers, risks, questions)

After we meet again in June 2014, we decided to meet quarterly because the work load is light. We would like to review and comment on other PQIC workgroups and give the consumer side of things. Would that be okay from the PQIC standpoint? We wanted to act in an advisory capacity and give the consumer viewpoint with what is going on with PQIC.

3. Response from SOC or PQIC (Meeting Date: _____)

Approval to continue course of action

Approval for change of course

Request for more information

Declined
