

SUTS INFORMATION BULLETIN

No: 2020-2

Data: April 17, 2020

SUBJECT: Updates on items related to:

- PMR submissions for March & April 2020
- Client feedback Survey
- New Report – BHS0700 – ALOC

Provider Monthly Report (PMR) Submission

The PMR for March & April 2020, due in April and May 2020 are waived. Contract providers are not required to submit a PMR to their QICs by the deadline. SUTS will notify providers about the requirement for the submission due in June, based on the status of the shelter order.

Client Feedback Survey

Submission of the Client Feedback Survey by outpatient providers will be temporarily waived. SUTS will review the situation in May after the shelter order is lifted and notify outpatient providers as to when they should resume submitting the Client Feedback Survey.

BHS 0700 ALOC Report

SUTS has created a new report called BHS 0700. The BHS 0700 contains selected data elements from the ALOC and can be used in preparing the PMR. In order to run this report, you must have access to UniCare. Please let Olena Chesnakova know if you do not see BHS 0700 listed in the reports menu and need access to this report. Please also report any problems with the report to Olena Chesnakova.
