

Team Cross Training

Monday, March 21, 2022, 9am—12pm

Registration starts at 8:50AM

ZOOM Training

BJ North works as a consultant to build bridges across uncommon grounds such as those from businesses to community, individuals to community resources, and agencies to consumers. She has been able to assist various community agencies to service better those they work with by helping people to hear and speak to one another in the spirit of mutual respect. She uses a common foundation for her approach in teaching this, the use of language from cultural perspectives and working with individuals' self-knowledge.

Lala Doost is from the beautiful Bay Area in California. Lala has gained many years of experience working with non-profit, peer-run or peer-focused agencies and County departments in California, and other states, that are focused on providing support and resources to community members wanting to enhance their wellness. Lala continues to collaborate with agencies to provide workshops that promote the exploration of approaches to stay well in various environments, including at work. Lala enjoys exploring new techniques, ideas and connections in wellness and being able to share it with others.

Description

This is a 3-hour introductory online workshop. The session is designed to be highly interactive. Co-facilitators will engage members of cross disciplinary teams through presentations, discussions, 1:1 peer exchanges and various activities to increase connections, knowledge and skills transfer between team members. Participants will increase their connections, knowledge about various individual abilities, roles, and operational functions within the team. Additionally we will explore the skills to access continued growth in operationalizing on-going cross training on the team.

Learning Objectives

1. Participants will increase their knowledge of roles and operational functions of team members.
2. Participants will learn to share their individual roles and abilities with their team members to continue building connections.
3. Participants will increase their knowledge of different learning styles, tools, and activities to support team connections and knowledge.

No Add-Ons / Walk-Ins
