

Creating and Sustaining an Anti-Oppressive Community: Beginning the Journey

Facilitated by: *Natalie J. Thoreson, MEd., inVision Consulting*

This workshop will present basic frameworks of oppression and will critically examine our individual socialization as players in a larger system meant to disconnect and isolate us. Participants will learn fundamentals of social justice and begin to explore how we have collectively and individually been taught to be agents/oppressors and targets/the oppressed in a larger system of oppression. Attendees will also consider actions that we can take on personal, cultural, and institutional levels to create a more equitable organizations, institutions, and communities.

DATE OPTIONS:

Friday, April 29, 2022 -OR-
Friday, May 13, 2022

LEARNING OBJECTIVES:

Participants of this training will...

1. Learn foundations of contemporary oppression
2. Be introduced to the cycle of oppression including the definitions of stereotype, prejudice, discrimination, social power, oppression, internalized oppression
3. Work to begin decolonizing their thinking and unlearn internalized dominance and oppression
4. Learn skills necessary to examine systems of oppression and the role we play in perpetuating them

NATALIE has been facilitating anti-oppression workshops for over 20 years, founding inVision Consulting in 2006 with the mission of focusing positive social change into clear Vision, in our daily lives, and collective experiences. Their techniques foster meaningful communication, critical examination of institutional culture, and concrete action plans for creating a truly inclusive environment. She is committed to building communities in which people's differences are valued and seen as assets to the overall group. His consistently open, trusting, and fun educational environments are based on first-hand experiences as a multi-ethnic, multi-racial, multi-gendered, queer individual living in the margins of identity.
